160k per hour

100% Capsule Check Weigher  
75k per hour –  
0.5mg weighing accuracy

100% Capsule Check Weigher  
150k per hour –  
0.5mg weighing accuracy

100% Capsule Check Weigher  
230k per hour –  
0.5mg weighing accuracy

## MATERIAL HANDLING

IBC Stainless Steel Bins  
from 5l to 2500l  
and stainless steel drums

Bin Blenders LAB (2-50l)  
Bin Blender up to 2500l

Automatic Washing and Drying  
Booths for various types of  
bins and accessories

V-Blenders and Double Cone Blender  
Units available up to 200 cu-ft  
working capacity

Double Cone Blender  
Units available up to 200 cu-ft  
working capacity

Bin Lifters – Sizes from small  
lab size bins/drums to large  
capacity bins

### STICK-PACK MACHINES

### VERTICAL SACHET MACHINES

### BOTTLE FILLERS & CAPPERS

Bottle Monoblocks

Complete Bottle Lines

### DEEP-DRAW THERMOFORMERS

### CONTACT LENS PACKAGING

### SUPPOSITORY MACHINES

### THERMOFORMED UNIT-DOSE MACHINES

### TUBE FILLERS

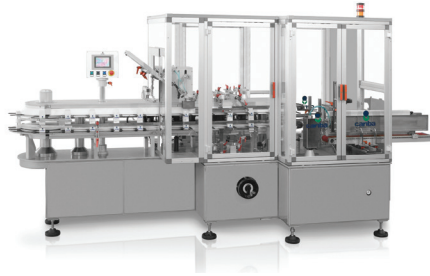

### TEST-TUBE & LAB-TESTING FILLING & ASSEMBLING

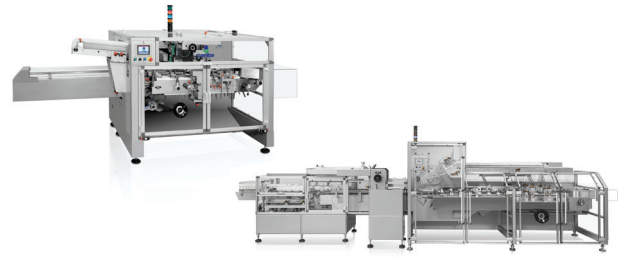

## TOP-LOAD CARTONER

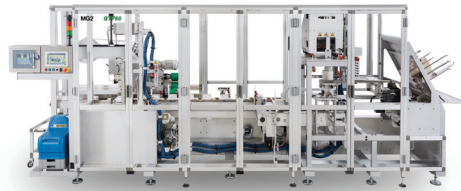

## SIDE-LOAD CARTONERS

Intermittent and Continuous Motion Machines

## TRAY FORMER / LOADER

## SERIALIZATION

Coding / Verification for Bottle & Carton

## BUNDLER / STRETCH WRAPPER

## SIDE-LOAD CASE-PACKER

## TOP-LOAD CASE-PACKER

## PALLETIZER

## CASE-PACKER / PALLETIZER MONOBLOCK

## LINE INTEGRATION

Syringe Line

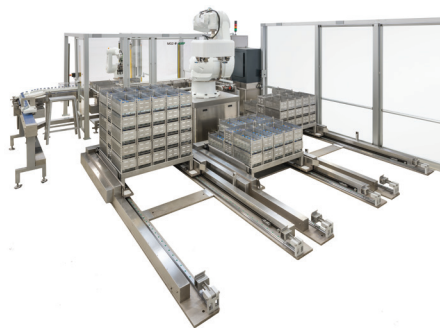

Bottle Packaging Line

Ampoule Line

Sachet Line

Sterile Vial Handling Line

Also: Full Capability for Transdermal Patches, Complete Solid-Dose Bottling, and Blister Lines
